

FY24 SOA Plans

Overview of New 3-Year Cycle

District Presentation
March 2024

Overarching Goal of Student Opportunity Act

To ensure that every student in the Commonwealth has access to a high-quality public education regardless of zip code

The SOA has two key components

Fiscal: Changes to Chapter 70 funding

- New investment in education
- Revised funding formula reflects equitable distribution of state education funds

Policy Updates: Plans every 3 years

- Focus on addressing disparities in learning experiences and outcomes for student groups that are least-well served
- Implementation of evidence-based practices

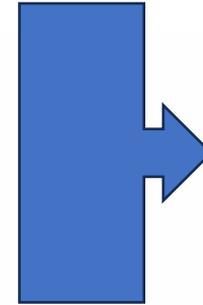

Changes in Chapter 70 funding

Fiscal Year	Increase in Funding	Total Chapter 70 Funding
2021	\$0	\$8,029,692
2022	\$48,900	\$8,078,592
2023	\$236,060	\$8,314,652
2024	\$349,820	\$8,664,472
2025 - Preliminary	\$47,400	\$8,711,872
Total Increase FY21-FY25	\$682,180	

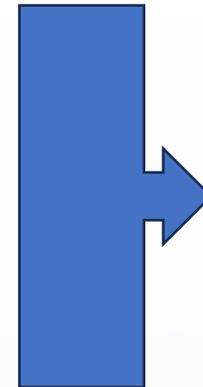

SOA Plan Submission Cycle

- **January 2021:** Districts submitted an initial three-year SOA plan
- **April 2022:** Districts submitted a comprehensive amendment to their original plan
- **April 2023:** Districts submitted a progress update

- **April 2024:** Districts will submit a new three-year SOA plan
- **Spring 2025:** Districts will submit a progress update
- **Spring 2026:** Districts will submit a progress update
- **April 2027:** Districts will submit a new three-year SOA plan

The first submission cycle was modified due to COVID

This is a return to the regular submission cycle as required by law

SOA Plans versus District Improvement Plans

- **The District Improvement Plan (DIP)** serves as a comprehensive plan that describes the full set of strategies that a district will implement to support all students in their district.
- By contrast, the **SOA Plan** addresses a subset of a district's overall initiatives, focusing on evidence-based programs and strategies that will improve the educational experiences and outcomes of students, **including English learners, students with disabilities, and low-income students.**

FY24 SOA Plan Elements

1. Summarize Your District Plan
2. Analyze Your Data and Select Student Groups for Focused Support
3. Set Ambitious Three-Year Targets for Improving Student Achievement
4. Engage Families/Caregivers and other Stakeholders
5. Select Evidence-Based Programs and Strategies to Address Disparities

Key Resources

- SOA Website: <https://www.doe.mass.edu/soa/>
- New Resource: [Student Outcomes Comparison Tool](#)

Student Outcomes Comparison Tool

Purpose: Districts can review data across student groups for critical indicators to pinpoint where disparities in learning experiences and outcomes are most prominent.

Includes district and statewide "heat maps" that offer an at-a-glance view of student group outcomes across all indicators.

How to interpret this page

This page displays student group performance across multiple metrics. Each metric is color-coded to show whether the student group meets or exceeds or falls below the district average for "All Students." The student groups experiencing the greatest disparities are indicated in dark red and may be most in need of intensive support. See DEFINITIONS page for more info.

A cell with 0.0 indicates a 0.0 rate for that student group on that measure, while an empty cell signifies no publicly available data.
