**Project Activity Summary:**

**GENERAL**

**SITE**

- Placed more stone in bottom of recharge basin.
- Striped and turned-over south parking lot and south entrance drive.
- Continued to build-up grade of field and rotary area. Compaction testing passing.
- Installed Sewer Manhole and piping adjacent to entrance to north parking lot.
- Started to dig and prep for footing on north side of Building C.
- Abated and removed transite piping from east and southeast corner of the field.
