

Please read through all the directions and following information.
Some have deadlines which are right now.

Student Communications and Exam Access

Students will need access to their email or College Board account to take the 2020 AP Exams.

1. Students should check the email address they used to create their account on myap.collegeboard.org; and regularly check this email address for the most recent information about their AP Exams.
2. Students should verify their College Board account at myap.collegeboard.org by clicking on their profile at the top right-hand corner of the page, and going to **Account Settings**. Students should scroll down to verify their information and confirm that their email address is the one to which they'd like to receive the e-ticket to take their AP Exams. If it's not the correct email, they can update it to an email they check regularly by clicking **Update**.
